Better Ways for Better Days

YOU HAVE WORKED HARD TO ACHIEVE A STANDARD OF LIVING FOR YOU AND YOUR FAMILY.

OUR AIM IS TO SECURE YOUR LIFESTYLE FOR YOU NO MATTER WHAT THE FUTURE BRINGS.

Our principals have backgrounds unusually suited to helping our clients, like a regional vice president of a national insurance company, an independent governmental consultant, a general business consultant, and a public accounting firm owner. Just as important as any of these things, we have been small business owners. During our many years in business, we have served over 1000 clients.

We act as your **in-house Benefits Department** in the following ways.

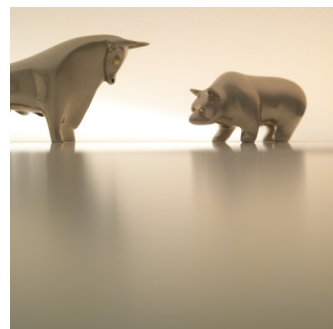

- ◆ Provide an even-handed assessment of insurance companies and their policies.
- ◆ Provide a level of expertise and insight rarely accessible.
- ◆ Always provide the same rates as company direct.
- ◆ Work in your best interests, not the insurance companies'.
- ◆ Research alternative companies and products to better serve you when unacceptable increases occur.
- ◆ Maintain your personal file so that we can easily prepare new applications, when it's beneficial for you to change providers.

Retirement Plan Options

We explain pre-tax retirement plans for business owners and/or their employees. We can help with retirement plans to which the employer contributes. For example:

- ◆ IRAs
- ◆ SIMPLE IRAs
- ◆ SEPs
- ◆ Roth IRAs
- ◆ Education IRAs
- ◆ 401 (K) Plans for Larger Companies

We use safe, guaranteed (you cannot lose your principal) products with high yields and the power of tax deferral, with or without an IRA.

Let us show you how to drastically increase your tax savings!
